Amendment/Response

Sir:

In response to the Examiner's office action dated February 22, 2006, the Examiner is respectfully requested to consider the following amendment and arguments in determining the allowability of the pending claims. Claims 1-3 and 5-33 are pending in the present application. Claims 31 and 34 are cancelled (the subject matter of claim 31 has been incorporated into claim 1. Claim 4 was previously cancelled. No claims have been added. Previously pending claim 2 has been amended and much of its subject matter has been incorporated into amended claim 1. Amended claim 1 now claims a composition which has three visually distinct and separate layers which occur after settling a mixed composition, a composition which is clearly not taught or suggested by the art of record.
